"We have taken into consideration the complex geographical nature and local problems, plus growth patterns, within the area, and urge everyone to study our proposed program and ask questions."

wicked prime minister, in the  
forthcoming Sierra Winter Stock  
Company's production of "The  
Slightly Magic Gypsies." The play,  
an appealing one for the younger  
generation and the young in heart,  
will be presented at the Tahoe  
Lake School in Tahoe City on Fri-  
day, November 16 at 8 p. m.; Sat-  
urday, November 17 at 10:30 a. m.  
and 2:30 p. m.; Sunday November  
18 at 2:30 p. m., according to Joan  
Hauserman, producer-director of  
the show.

The young king is played by  
Kent Fugazi, who by just means  
and kindness saves his kingdom  
from his wicked tormentor, David  
Stollery, who portrays the prime  
minister. Somewhat unwilling  
aides to the villain are three royal  
pages, aptly played by Marguerite  
Ashton, Roe Kehoe and Jean  
Schwartz. No royal kingdom is  
complete without a court jester,  
and this comedy role is played by  
Jim Peterson.

The roles of the "slightly  
magic" gypsies are portrayed by  
Debbie Le Ferrier; the beauteous  
member of the nomad tribe; Mark  
Vance, a young lad, adept at the  
art of thievery and his cohort in  
crime, the gypsy hag portrayed by  
Betty Vance. Other members of  
the wanderers are young Leslie  
McBride and Mary Hauserman.  
The musical productions in the  
play are under the direction of  
Marilyn Fugazi. Other members  
of the organization performing  
back stage are: Dan Hauserman,  
Lloyd Hoofder and Bill Collins,  
sets and lighting; Betty Goodhue  
and Ann Tiller, wardrobe; Kay  
Felte and Liz Durnie, publicity and  
Bobby Fugazi, prompter.

ALPINE MEADOWS  
HAS IMPROVEMENTS

**ALPINE MEADOWS** — Alpine  
Meadows, the lustrous infant of west-  
ern skiing, has opened its cor-  
porate gates to additional skier-  
owners through a \$300,000 stock  
offering.

Launched last December, Alpine  
Meadows is believed to be the first  
ski resort to make a profit its first  
season.

Expansion for the coming sea-  
son, permitted by the new funds  
will include:  
1. A new all-weather Riblet  
double chair lift, 4,100 feet long  
with a 980-foot vertical rise and a  
capacity of 1,100 skiers per hour.  
"The lift has been engineered to  
operate in any weather condition,"  
said Tim Sullivan, Alpine's man-  
ager.  
2. The beginner's area has been  
cleared and tripled in size.  
3. The big Pomalift has been  
completely graded and manicured  
the past summer.

will be tripled to accommodate  
approximately 1,000 cars.

GLADYS ROHL QUILTS  
CHAMBER POSITION

Her many friends in this area  
will be sorry to hear that Mrs.  
Gladys Rohl, secretary-manager of  
the Auburn Area Chamber of  
Commerce since 1947 and man-  
ager of the Placer County Cham-  
ber since its inception in 1950, has  
resigned both posts.

Mrs. Rohl, who was vigorously  
active in the promotion of High-  
way 40 as a freeway and the de-  
velopment of the 1960 Winter  
Olympic Games, said she was re-  
signing because of her forthcom-  
ing marriage to L. L. Anderson of  
Foresthill.

Mrs. Rohl was a frequent visit-  
or to this area and is highly re-  
garded.

COMEDAIRES PLAY  
AT NEVADA LODGE

There will be laughs a-plenty  
for Tahoe vacationers when the  
hilarious Art Kay Comedaires take  
the entertainment spotlight next  
Tuesday in the theater-lounge of  
the Nevada Lodge, largest resort-  
hotel-casino at the north end of  
Lake Tahoe. This happy show  
will run through November 28 at  
the "fun center" of Lake Tahoe.  
The trio of Comedaires offers a  
fine blend of music, comedy,  
impersonations and pantomime.  
The net result is a neat package  
of clever entertainment.

SIERRA TRUCKER IS  
GIVEN SUSPENSION

**SAN FRANCISCO** — The Cali-  
fornia Public Utilities Commission  
suspended for five days the high-  
way contract carrier permit to  
haul goods for hire by truck held  
by Harold Hallman, operating as  
H. Hallman Transportation, Sierra  
City. Hallman also was ordered  
to cease and desist from operating  
as a highway common carrier  
unless he obtains a certificate of  
public convenience and necessity  
from the commission.  
The commission decision, issued  
after a public hearing in Truckee

nearly doubled in size.  
6. The three mile access road  
from Highway 89 to the lodge has  
been widened and paved to county  
specifications.  
7. A considerable amount of  
clearing and grading also has been  
done in other areas of the moun-

STATE TO DISCUSS  
FISH REGULATIONS

Changes in the angling regula-  
tions for 1963 will be the principal  
item to be considered by the Cali-  
fornia Fish and Game Commis-  
sion when it meets Friday, Novem-  
ber 9, at 9:30 a. m., at the di-  
vision of highways building, 150  
Oak Street, San Francisco.  
The commission received recom-  
mendations for changes at the  
October 5 meeting, and at the No-  
vember 9 meeting will make its  
tentative determinations of the  
regulations it intends to adopt.  
The final adoption of the 1963  
regulations will be at the commis-  
sion's December 7 meeting in Los  
Angeles.

In August, says investigation  
showed Hallman was operating be-  
tween fixed terminals over a regu-  
lar route and on a fixed schedule,  
which his permit does not author-  
ize him to do.

The club donated \$25 to the retarded children's program. A nominating committee consisting of Ruth Mizner, Alice Sorensen and Bethel Van Tassel was appointed to nominate officers for the year 1963 with the officers taking office in January.

Alice Hall gave an interesting talk on civil defense. Alice Sorensen of Tahoe Vista was present as charter member of the club which was organized in 1940. Alice has been active and interested in the club since its organization and will give a resume of its history at the November 28 meeting.

Happy birthday to Gregory Beck, son of Don and Dorothy Beck of Tahoe Vista, who celebrated his 13th birthday, Sunday, November 4.

Don is the proud owner of a new Cessna 182 which he flew to Santa Rosa with Bill Briner to pick up and fly back to the Truckee airport.

With the new plane and the planned business trips by air, no doubt the Lake Tahoe Sierra Chamber of Commerce president, Don Beck, will have an opportunity to accomplish even more promotion than he planned.

Congratulations to new grandparents, Byron and Wilma Abbott of Kings Beach. New granddaughter, Ruth Lee Lemke, arrived to Diana (Abbott) and Maurice Lemke at Seattle, Washington, on Friday, October 26. The California Scholarship Federation held their regular meeting on Monday, November 5. The CSF is planning an annual banquet for December. Further plans are the fall honor-day trip when the organization plans to go to the University of California in Berkeley. They wish to visit the classes for one day, and to go to see the atom-smasher: the Bevatron — which stands for one billion electron volts.

Mr. Dewhurst, the advisor of CSF, said that they plan a membership drive later in the year.

On Tuesday, November 6, a special

cial assembly was held to discuss the political issues of the '62 campaign for governor. All students were invited to attend the meeting, however, only the seniors could speak.

Moderator was Kay Clauser, Jack Sigismund and Beth Butler spoke for the democrats. Sue Moyer, Lonnie Pierce and Tom Terkildsen offered the republican issues.

Today, November 8, the PTA dinner will be held at 7 p. m. The purpose of the dinner is to raise money for scholarships given by the organization.

This week is a "dead week" at Tahoe Truckee High School; that means it is an examination week without activities, so that students will have time to study. The report cards for the first quarter will be given out next week, Wednesday, November 14.

Vermont was the first state admitted to the Union after the original 13.

## LUNARDI TO FIGHT FOR NEW LICENSES

Assemblyman Paul J. Lunardi, a Roseville democrat representing the sprawling sixth assembly district, has promised continued leadership in the fight to simplify the driver licensing picture for California's 8,000,000 motorists.

Lunardi was responsible for the introduction and passage of 1961 legislation authorizing the department of motor vehicles to issue one license only, instead of the previous procedure of issuing either a chauffeur's or operator's license with various endorsements and classifications based on test requirements.

Lunardi's uniform license theory constitutes a sweeping innovation in the field and has been praised by motor vehicle administrators as not only increasing efficiency and economy in state government but, more importantly, has simplified the driving public's understanding of the real terms, conditions and meaning of a driver's license.

## NEWLYWEDS TO MAKE HOME AT TAHOE CITY

TAHOE CITY — Mr. and Mrs. Robert E. Carson who were married recently at a ceremony performed in the First Baptist Church at Sacramento are establishing their home at Tahoe City.

The Alfred C. Johnsons are parents of the bride, who was graduated from Sacramento High School, where she was a member of German Honor, Biology Honor and Pep Club. She attended Sacramento City College.

The bridegroom, son of Mr. and Mrs. Richard Carson of Bellflower, attended schools in southern California, where she was in Hi-Y and varsity clubs.

## MORE FINANCIAL AID FOR WATER PROJECT

Increased financial assistance for local water agencies has been secured by Assemblyman Paul J. Lunardi.

Lunardi, a Roseville democrat representing the sixth assembly district, was successful in promoting the 1961 passage of an important amendment to the California water code. The amendment, contained in Lunardi's A. B. 2387 (now chapter 1723), expedites financial assistance for local water agencies by authorizing loans for the preparation of feasibility reports required by the department of water resources in connection with applications for project construction loans.

## FUNDS EARMARKED FOR LOCAL PROJECT

Legislation to authorize federal construction of about 200 flood control, navigation and beach erosion projects was signed by President Kennedy.

Locally the Truckee river and tributaries in California and Nevada were earmarked for expenditure of \$2,235,000 for the Washoe flood control project.

## FOREST FUND WILL AID LOCAL PROJECTS

The Tahoe National Forest will get \$100,000 from the \$15 million accelerated public works program set up by the department of agriculture. The department this week made available to congressional offices a list of 87 construction projects in 83 national forests.

The projects include camp and picnic grounds, tables and benches, fireplaces, water and sanitary facilities and trails and roads.

Some of the money will be spent improving the Prosser campsites, it was indicated.

## HEARING SCHEDULED FOR HIGHWAY 50 JOB

The California Division of Highways will conduct a public hearing November 20 at Al Tahoe to present the results of several years' studies for the relocation of U. S. 50 in eastern El Dorado County in the vicinity of Echo Summit.

The hearing will be held in the American Legion Hall beginning at 10 a. m., according to highway officials at the Marysville district office.

Limits of the study extend from 0.5-mile east of Phillips east to 0.6-mile east of Meyers. Basic criteria for the study of alternate possibilities were a minimum 22-foot median and four traffic lanes on a graded six-lane section. Two alternatives are considered feasible.

At Reception—Lt. Oliver Ledford, Patrolman Hopkins and Clerk Robin Hodge of the Truckee CHP office, attended a farewell reception at Auburn Wednesday for Mrs. Florence Sawtell, who is retiring as chief clerk of the Auburn office.

Hosts at Home—A pleasant affair was enjoyed by the hosts, Mr. and Mrs. Jim Smith and their friends who gathered at the new Donner Trail Estates home of the couple, Saturday evening, during an open house.

## DRIVERS ARE WARNED OF WINTER HAZARDS

The heavy storm which swept large areas of California held an important message for motorists. "It's time to 'winterize' driving habits," said California Highway Patrol Commissioner Bradford M. Crittenden.

"Most drivers have become accustomed to the generally good driving conditions which prevail in summer months. Now, days are shorter and more driving is done when visibility is poor. Rain, fog, wind—and in some areas snow and ice—will further reduce visibility as well as affect road surface conditions.

"The sensible driver accepts these limitations by reducing speeds and increasing following distances. He doesn't allow his vehicle to get into a position where sudden turning or braking movements are necessary. He allows more time for his trips.

"And, he makes sure brakes, lights, horn, wipers and other mechanical equipment are in proper working order.

"It may take him a little longer to reach his destination, but he does arrive," said the commissioner.

## GOVERNOR PRAISES APPOINTED AIDES

SACRAMENTO—(CNS) — Governor Edmund G. Brown had high praise for his appointed officials during Monday's meeting of the governor's council—one of the last during the present term.

"You have been subjected to the toughest kind of scrutiny for the operation of your departments for the past four years," Brown said. "You have been examined and reexamined in your personal lives.

"They haven't been able to lay a glove on you," he said. "They haven't been able to find the slightest scandal in any department. If they could have, they would have, believe me, my friends."

## LAKE LEVEL

TAHOE CITY — With all gates into the Truckee river closed, the level of Lake Tahoe Monday stood at 6,223.78 feet above sea level, Cooperative Observer Daryl DeWalt reported. The temperature has been ideal with a high of 62 and a low of 31 for the week. No precipitation was recorded.

## DIVIDEND

## SLOW DRIVERS ARE CITED BY OFFICERS

Citations for driving too slowly in the left-hand lane of multi-lane highways increased 137 per cent over last year during the first two months of California Highway Patrol emphasis against this violation.

Patrol commissioner Bradford M. Crittenden said that in August and September, officers issued 3,273 citations for this violation, more than double the 1,380 issued during the same two-month span in 1961.

Enforcement was accelerated following passing of a legislative resolution seeking increased action against drivers who create traffic hazards by cruising in the inside lane at speeds below the normal flow of traffic.

Commissioner Crittenden again reminded motorists that, at any speed short of the 65mph maximum, they must drive in the right lane whenever they are proceeding slower than the normal flow of traffic, except when passing or preparing to make a left turn.

**SIERRA REPAIRING BIG DAMAGE BY STORM**

Storms that hit the west coast Sierra-Nevada October 10-13 cost Sierra Pacific Power Company \$20,000 in overtime pay. N. W. Plath, vice president in charge of operations, reported.

During the storm power company men worked around the clock as wind, rain, and falling trees threatened power service.

"The men earned every bit of that overtime," Plath said.

The figure released by Plath did not include damage to power company lines and equipment such as was caused when a big pine tree fell into the electric substation at Tahoe City.

Wind speed was estimated as high as 65 mph. at Lake Tahoe.

In spite of the weather's violence, workmen kept Sierra Pacific electric service interruptions to a minimum.

After the storm here had ended, six Sierra Pacific men went to Portland, Oregon, where electric service was off for days in many parts of the city. Damage to the electrical system in Portland was estimated at over \$2,500,000. The loaned linemen returned to Reno October 26.

## Gary used to fiddle awful sour

How do you persuade a reluctant youngster that music is not "for sissies"? Classroom teachers of the West, Alaska and Hawaii do so with the help of our Standard School Broadcast, which, by dramatizing music from symphony to jazz, adds a colorful dimension to learning. Gary and 2½ million other boys and girls hear this weekly radio program in their classrooms. Has it inspired in Gary a zest for the violin? Honestly, no. But he now thinks the trombone is "swell," and plays it with vigor. His parents credit this new interest to the

classroom music. Who knows how many children have discovered an exciting new world through this public service program? It has just started its 35th consecutive year, so we have served quite a few school generations. Tune in some Thursday. Adults enjoy the program, too.

Planning ahead to serve you better

## ERB BABY DROWNS IN OAKLAND POOL

Local friends of Mr. and Mrs. Charles (Boots) Erb, III, were shocked to learn that the couple's 2½ year old daughter, Elizabeth, drowned in the family swimming pool at Oakland Sunday.

The Erbs had left the child with a 17 year old neighbor's boy while they attended the Forty Niners football game. The baby sitter said he left Krista Elizabeth in the living room briefly while he attended an infant crying in another room. When he returned, he saw the little girl floating in the pool. He applied artificial resuscitation without a response.

Erb is a co-partner with Jackie Jensen in the Bow 'n Bell, an Oakland waterfront restaurant. He is a son of the late Charles Erb, quarterback on the famous University of California "Wonder Team" of the early 1920's. Many local people know Erb well.

The board is considering a new high school at the north end of Tahoe, located on a 50-acre site to be acquired from the U. S. Forest Service on a land exchange basis. It would be located north of the Placer County Administration Building and to the west of the Highlands subdivision.

These new facilities are planned for approximately 400 students with a master planning for future enrollment of 1,000. The board points out that the school will decrease long distance transportation and relieve overcrowding at the present high school by 1966-67 when the school could be occupied.
